

**Sexual assault** is any sexual contact made without consent. Consent is a clear yes, not the absence of no.

**Dating/Domestic violence** refers to an ongoing pattern of controlling and abusive behaviors that individuals use against their intimate partners. These behaviors include physical, sexual, or emotional attacks and/or economic control.

**Stalking** is a course of conduct that causes the victim to experience serious emotional distress or to fear bodily injury or death. Conduct may include: sending the victim unwanted items or gifts; repeated calls, emails, or texts; showing up at the victim's home, workplace, or class.

*You are not at fault if any of these things have happened to you.*

### What about alcohol?

#### Responsible Action Guidelines

In those cases where a student has been a victim of sexual assault and/or violent crime while under the influence of alcohol, neither the Dean of Students, University Housing nor UW–Madison Police will pursue disciplinary actions against the student victim (or against a witness) for his or her improper use of alcohol (e.g., underage drinking). A student victim who is under the influence of alcohol at the time of a sexual assault is entitled to University and community assistance and encouraged to seek help.
