

## 2026–27 Domestic Plan — Snapshot of Benefits\* and Premiums

### University Health Services (UHS)

**SHIP members (and covered spouse or partner) should use UHS for primary care whenever possible, and must use UHS for all available preventive care.** Most UHS services are fully covered for SHIP members with no out-of-pocket expense. Visit the UHS website for more information and to make an appointment: [uhs.wisc.edu](https://uhs.wisc.edu).

#### Utilizing Network providers for services not available at UHS

UHS is not open evenings and weekends and does not provide Emergency Room care, hospitalization, or specialty care for complex problems. In these instances, SHIP members have access to providers in the networks listed below.

The Alliance Premier Ruby Network	The Alliance Comprehensive Network	First Health Network
Your member cost-sharing is lower for most services when you use the high-value providers in The Alliance Premier Ruby Network.	SHIP members have the flexibility to utilize providers in The Alliance Comprehensive Network. <i>Standard member cost-sharing is higher than the Premier Ruby Network.</i>	Gives SHIP members access to providers nationwide when outside The Alliance service area. <i>Standard member cost-sharing is higher than the Premier Ruby Network.</i>
